DEAN OF COLLEGE OF LIBERAL ARTS & SCIENCES

Carla Cáceres, *Associate Dean of Liberal Arts & Sciences*

ALUMNI SPEAKER

Kris H. Jenner, MD, DPhil, is co-founder of Rock Springs Capital in Baltimore, Maryland. Rock Springs Capital is a healthcare-dedicated investment fund that was founded in 2013 with investments in areas such as pharmaceuticals, biotech, medical devices, and healthcare services. Prior to founding Rock Springs Capital, Dr. Jenner was a Vice President at T. Rowe Price where he managed their Health Sciences Fund.

Dr. Jenner came to the University of Illinois at Urbana-Champaign in 1980 after graduating from Mascoutah Community High School in Mascoutah, Illinois. He was a member of the Fighting Illini football team during his undergraduate period, including trips to the Liberty Bowl (1983) and Rose Bowl (1984). He graduated with Bronze Tablet and Phi Beta Kappa honors in 1984. As an undergraduate, Dr. Jenner worked in the lab of Dr. Stephen G. Sligar on the mechanisms of enzymes critical to human health and was encouraged by Dr. Sligar to complete his honors thesis. This mentorship contributed to Dr. Jenner's success in receiving a scholarship to Oxford University as a Marshall Scholar, where he entered a doctoral program in molecular biology. After receiving his DPhil at Oxford University, he completed his medical degree at The Johns Hopkins School of Medicine and was subsequently admitted into the hospital's general surgical residency program.

ACADEMIC DRESS

Academic dress, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Subsequently, the material of the gown and lining, and the shape of the hood, represented the economic and social, as well as academic status of the wearer.

In the United States, the great majority of the academic costumes now worn are in accordance with the general provisions of the Intercollegiate Code of 1895, which was revised in 1932 and again in 1960. Under this code, the bachelor's gown has pointed sleeves, the master's gown has oblong sleeves with an arc at the bottom, and the doctor's gown has bell-shaped sleeves. All gowns are black, although the adoption of colored gowns by individual institutions in the United States is becoming more prevalent.

The bachelor's and master's gowns are untrimmed. The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be the color of the subject to which the degree pertains. The bachelor's gown is worn closed; the master's and doctor's gowns may be worn open or closed. Women may wear white collars with the bachelor's gown when no hood is worn.

Hoods are also black. The bachelor's hood is 3 feet in length, the master's is 3 1/2 feet, and the doctor's is 4 feet. Hoods are lined with the official color or colors of the college or university conferring the degree. At the University of Illinois, the lining is orange and blue. The colored velvet border of the hood, which is 2 inches, 3 inches, and 5 inches wide for the bachelor's, master's, and

doctor's degree respectively, identifies the faculty or field of study to which the degree pertains.

The black mortarboard cap is standard in the United States. Usually, all tassels are black, but where the graduating seniors do not wear hoods, as at the University of Illinois, the color of the cap tassel indicates the department of study. At the University of Illinois, candidates for degrees wear tassels on the right front quadrant of their caps before degrees are conferred, and move them to the left front quadrant after degrees are conferred. Caps are considered a part of the costume and are customarily removed only during an invocation or benediction, and then by men only. The orange and blue braided cords worn on the left shoulder signify University Honors. The white cord is worn by James Scholars.

For all academic purposes, including trimmings of doctor's gowns, edging of hoods, tassels of caps, and linings of banners, there are different colors associated with the different disciplines. The color for Liberal Arts & Sciences is white.

Caps and gowns were worn for the first time at the University of Illinois Commencement ceremony of 1897. In the early 1900s the Commencement procession marched up Burrill Avenue to the old Armory. After diplomas were received, the procession marched back to the lawn south of Green Street. The seniors sang the State song and "Auld Lang Syne" before they said good-bye to each other and the campus.
