CLOSING REMARKS

Milan K. Bagchi, *Deborah Paul Endowed Professor*
Director, School of Molecular & Cellular Biology

SINGING OF “HAIL TO THE ORANGE”

Hail to the Orange, Hail to the Blue, Hail Alma Mater, Ever so true.
We love no other, So let our motto be, Victory, Illinois, Varsity!

RECESSION OF FACULTY AND GRADUATES

For the safety of our graduate candidates, we ask that you please keep the aisles clear to reduce any congestion near the stage area as candidates are trying to access or exit the stage platform. Thank you for your cooperation.

RECEPTION

Please wait until all graduates have exited the hall before leaving your seats. We invite you and your graduate to join us for an informal reception in the Krannert Center lobby immediately following the ceremony.

TO OUR GUESTS

Convocation is the culmination of academic work and achievement. Today, we celebrate our graduates' accomplishments. We hope this ceremony will be an important and meaningful occasion for students, their families, and the faculty and staff. To enhance the dignity and ensure the smooth flow of the ceremony, guests are asked to withhold applause until each group of graduates has been recognized. Thank you.

MASTER OF CEREMONY

Milan K. Bagchi, *Deborah Paul Endowed Professor*
Director, School of Molecular & Cellular Biology

DEAN OF COLLEGE OF LIBERAL ARTS & SCIENCES

Barbara Hancin-Bhatt, *Associate Dean of Liberal Arts & Sciences*

ALUMNI SPEAKER

Susan Brennan, *MBA, Executive Vice President and Chief Operations Officer,*
Bloom Energy

Susan completed her Bachelor of Science in Microbiology from the University of Illinois, C-U in 1985 and her Master of Business Administration from the University of Nebraska in 1991. Susan has more than 24 years of manufacturing experience, including automotive vehicle, powertrain and components assembly. Susan has dedicated her career to improving American manufacturing and assuring that the United States maintains a vital manufacturing footprint, especially in areas of key technological advances. In her time as a manufacturing practitioner, she has always been a strong proponent of sustainability, starting in her first role as the Environmental and Coating Manager with Douglas and Lomason, leading the plant to the State of Iowa's first ever Waste Minimization award to launching the all-electric Nissan Leaf in Smyrna, TN and now the COO of Bloom Energy, in Sunnyvale, CA. Throughout her career, she has maintained that jobs and the environment can have a symbiotic relationship, and that passion drives her as she pursues her role at Bloom. In addition, she has created and supported organizations that encourage young women to pursue careers in math and science as a way to support future generations of technological manufacturing in the United States. Susan has also participated in MCB's alumni mentorship program for the past year.

PARTICIPATING FACULTY

William Bricher, *Associate Professor, Cell & Developmental Biology*
Hee Jung Chung, *Associate Professor, Molecular & Integrative Physiology*
Aditi Das, *Associate Professor, Comparative Biosciences and Biochemistry*
Sergei Dikanov, *Research Associate Professor, Veterinary Clinical Medicine*
Thomas Kehl-Fie, *Assistant Professor, Microbiology*
Lyne Levesque, *Research Assistant Professor, Cell & Developmental Biology*
Satish Nair, *I.C. Gunsalus Endowed Professor, Biochemistry*
Lori Raetzman, *Associate Professor, Molecular & Integrative Physiology*
Lici Schurig-Briccio, PhD, *Research Scientist, Biochemistry*
David Shapiro, *Professor, Biochemistry*
James Slauch, *Professor and Head of Microbiology*
Rachel Smith-Bolton, *Associate Professor, Cell & Developmental Biology*
Joo Young Son, *Professor, Korea Maritime & Ocean University*
Swaminath Srinivas, PhD, *Organism Engineer, Ginkgo Bioworks, Inc.*
Rachel Whitaker, *Professor, Microbiology*

MARSHALS

Timothy E. Bowers, *Academic Advisor, Molecular & Cellular Biology*
Jennifer H. Brandyberry, *Academic Advisor, Molecular & Cellular Biology*
Chester M. Brown, *Instructional Specialist and Academic Advisor,
Molecular & Cellular Biology*
Aurora Cruz-Torres, *Academic Advisor, Molecular & Cellular Biology*
Bradley G. Mehrtens, *Instructor and Academic Advisor,
Molecular & Cellular Biology*
Melissa M. Reedy, *Life Sciences Teaching Specialist,
Molecular & Cellular Biology*

CEREMONY COORDINATOR

Tina M. Knox, *Coordinator of Undergraduate Instruction,

ACADEMIC DRESS

Academic dress, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Subsequently, the material of the gown and lining, and the shape of the hood, represented the economic and social, as well as academic status of the wearer.

In the United States, the great majority of the academic costumes now worn are in accordance with the general provisions of the Intercollegiate Code of 1895, which was revised in 1932 and again in 1960. Under this code, the bachelor's gown has pointed sleeves, the master's gown has oblong sleeves with an arc at the bottom, and the doctor's gown has bell-shaped sleeves. All gowns are black, although the adoption of colored gowns by individual institutions in the United States is becoming more prevalent.

The bachelor's and master's gowns are untrimmed. The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be the color of the subject to which the degree pertains. The bachelor's gown is worn closed; the master's and doctor's gowns may be worn open or closed. Women may wear white collars with the bachelor's gown when no hood is worn.

Hoods are also black. The bachelor's hood is 3 feet in length, the master's is 3 1/2 feet, and the doctor's is 4 feet. Hoods are lined with the official color or colors of the college or university conferring the degree. At the University of Illinois, the lining is orange and blue. The colored velvet border of the hood, which is 2 inches, 3 inches, and 5 inches wide for the bachelor's, master's, and

doctor's degree, respectively, identifies the faculty or field of study to which the degree pertains.

The black mortarboard cap is standard in the United States. Usually, all tassels are black, but where the graduating seniors do not wear hoods, as at the University of Illinois, the color of the cap tassel indicates the department of study. At the University of Illinois, candidates for degrees wear tassels on the right front quadrant of their caps before degrees are conferred, and move them to the left front quadrant after degrees are conferred. Caps are considered a part of the costume and are customarily removed only during an invocation or benediction, and then by men only. The orange and blue braided cords worn on the left shoulder signify University Honors. The white cord is worn by James Scholars.

For all academic purposes, including trimmings of doctor's gowns, edging of hoods, tassels of caps, and linings of banners, there are different colors associated with the different disciplines. The color for Liberal Arts & Sciences is white.

Caps and gowns were worn for the first time at the University of Illinois Commencement ceremony of 1897. In the early 1900s, the Commencement procession marched up Burrill Avenue to the old Armory. After diplomas were received, the procession marched back to the lawn south of Green Street. The seniors sang the State song and "Auld Lang Syne" before they said good-bye to each other and the campus.

AWARDS AND HONORS

Students who have completed the necessary requirements to earn a certificate are noted with ^C for Cell & Developmental Biology, ^M for Microbiology and ^N for Neuroscience.
